Hi all,

Please find attached an Excel file that we can work from during today's meeting. I've filled this out as best I can- you can help me fill in the gaps. I will also have this up on my screen via Adobe Connect.

Thanks,

Catherine

Subject: Notes from Sept 17 PBDE monitoring meeting

Hi everybody,

Thanks again for your participation in our September 17th discussion re: PBDE monitoring in Puget Sound. Please find attached my notes (apologies for the delay in sending these out). For those who were unable to attend, we had a great “download” of existing PBDE monitoring activities in Puget Sound- this gives us a foundation from which to build. Please feel free to add to my notes or let me know if I missed anything.

We have our next PBDE monitoring meeting scheduled for October 16th. If the federal government is shut down on that day, please consider the meeting cancelled. Otherwise, full steam ahead! I'll send out an agenda before the meeting.

Best,

Catherine
